➤ Don't worry if this screen pops up. It may take a minute to get connected.

➤ If you are waiting for the webinar to start, this screen will appear next. Since this is a private webinar for the people of this course, you just have to wait a few seconds to be accepted in.

In order to listen to a webinar which has already taken place, you must download the “Adobe Connect

Add-in” as well as Adobe Connect.

More slides will be added at a later point as to how that works.

I hope this helps!
